SUMMARY

Final-year B.Tech Computer Science Engineering student specializing in Software Engineering, Cybersecurity, and Networking. Skilled in Java, Python, JavaScript, SQL, and full-stack development with experience in network automation and AI-based applications. Passionate about building secure, scalable software solutions and continuously enhancing technical skills.

EDUCATION

Madanapalle Institute of Technology & Science (MITS)

Computer Science and Engineering

Bachelor of Technology • CGPA: 6.66/10

Madanapalle, Andhra Pradesh • 2023-2027

Shri Gnanambica Junior College

MPC

Intermediate • 69.7%

Madanapalle, Andhra Pradesh • 2021-2023

Vijaya Bharathi English Medium High School

Madanapalle, Andhra Pradesh • 2020-2021

Secondary School Certificate (SSC) • 100%

EXPERIENCE

Cisco Networking Academy

Remote

Network Engineering Virtual Intern

- Successfully completed the Cisco AICTE Virtual Internship focused on enterprise networking fundamentals.
- Developed practical knowledge of routing, switching, IP addressing, network security, and communication protocols.
- Applied networking concepts through hands-on labs and troubleshooting exercises using Cisco technologies.

PROJECTS

ZTNA Simulator Dashboard | Developer

Jan 2026 – Feb 2026

• Simulated Zero Trust Network Access (ZTNA) policies to demonstrate secure authentication and role-based access control.

• Developed an interactive dashboard that visualizes users, devices, and access requests in real time.

Network Control Plane Dashboard | Developer

Mar 2026 – Apr 2026

• Designed a dashboard to visualize routing, network topology, and control plane operations.

• Built a responsive interface for real-time monitoring using Java, HTML, CSS, and JavaScript.

3-D System Visualization | Developer

Sep 2025 – Oct 2025

• Developed an interactive 3D visualization of computer system components using web technologies.

• Created animations and user interactions to improve understanding of hardware architecture.

Automated Network Configuration Manager | Python Developer

Jan 2026 – Apr 2026

• Automated network device configuration using Python, Netmiko, and NAPALM.

• Built a centralized management system for consistent configuration deployment and simplified administration.

AI Fitness Planner (FitGenie) | Full-Stack Developer

Apr 2026 – Jun 2026

- Developed an AI-powered fitness planner that generates personalized workout recommendations.
- Implemented secure user authentication and AI-based fitness plan generation in a full-stack application.

SKILLS

 Java Advanced	 Python Advanced	 HTML Expert	 CSS Advanced	 JavaScript Advanced	 Node.js Intermediate
 MySQL Intermediate	 SQL Intermediate	 Computer Networking Advanced	 Cybersecurity Advanced	 Network Automation (Python) Intermediate	 Linux Intermediate

CERTIFICATIONS

Cisco AICTE Virtual Internship Program 2025 Cisco Networking Academy • Successfully completed the AICTE Virtual Internship in Enterprise Networking using Cisco technologies.	August 2025
Privacy and Security in Online Social Media (Elite) NPTEL (IIT Hyderabad) • Earned Elite certification from NPTEL for understanding online privacy and cybersecurity concepts.	October 2025
Distributed Systems NPTEL (IIT Hyderabad) • Studied distributed computing concepts including scalability, synchronization, and fault tolerance.	September 2025
Quantum Fundamentals Program (2025–2026) WISER, Qubitech & Amaravati Quantum Valley • Completed foundational training in quantum computing principles and quantum technologies.	February 2026
Describe the Concepts of Cybersecurity Microsoft Learn • Completed introductory cybersecurity training covering core security concepts and best practices.	October 2025
AI and Generative AI Basics Microsoft Learn • Learned AI fundamentals, prompt engineering, and practical Generative AI concepts.	October 2025

AWARDS

NPTEL Elite Certification IIT Hyderabad & NPTEL (SWAYAM) Earned Elite certification in Privacy and Security in Online Social Media through the NPTEL SWAYAM program.	October 2025
Cisco AICTE Virtual Internship Certificate of Completion Cisco Networking Academy Successfully completed the Cisco AICTE Virtual Internship Program in Networking.	August 2025
